1. Find a cardboard box, use scissors to remove the bottom and the rear of the box.

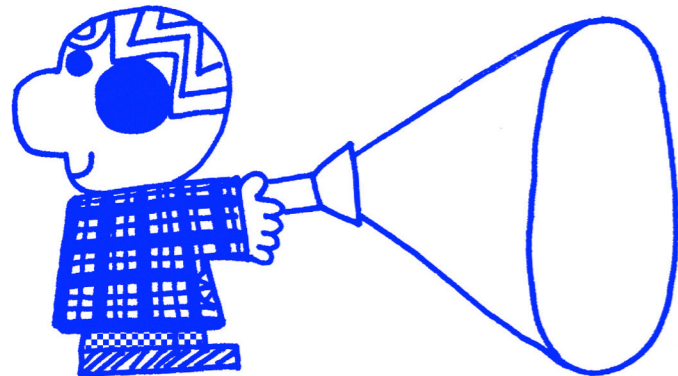

2. Cut a hole in the front of the box and cover with tissue paper to create your screen.

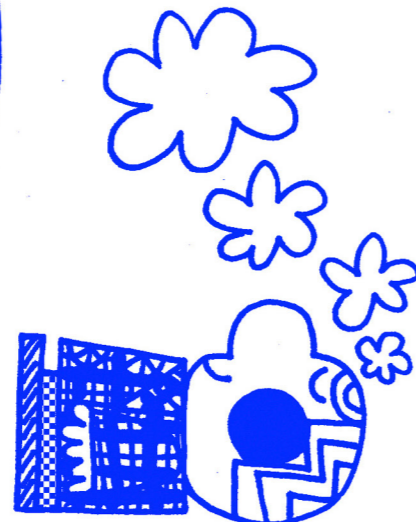

6. Cut into your puppets to add detail, use a hole punch to make the eyes, attach wire to the bottom with masking tape to create handles.

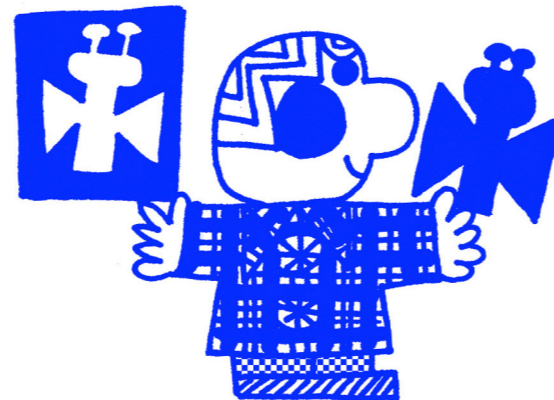

7. Invite some friends over. Don't forget the popcorn!

3. Find a suitable light source, you could use a lamp, a torch or a mobile phone.

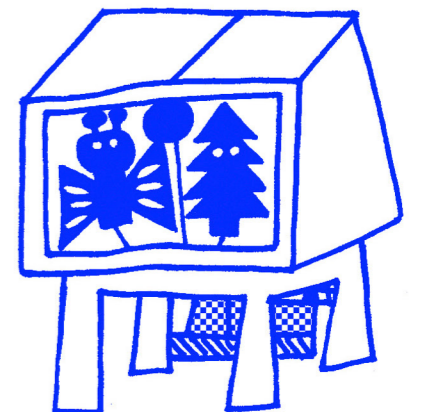

4. Think of a story... What puppets will you create?

5. Create your shadow puppets using black card and scissors.

8. Ask your friends to provide an improvised soundtrack by playing music or making sounds.

9. Turn out the lights and let the show begin! Have fun!
