

The Ancient Greeks absolutely loved columns. They even came up with names for all of them. But this one on the end is looking a little worse for wear and they forgot to name it. Help them out

Doric

Ionic

Corinthian

.....

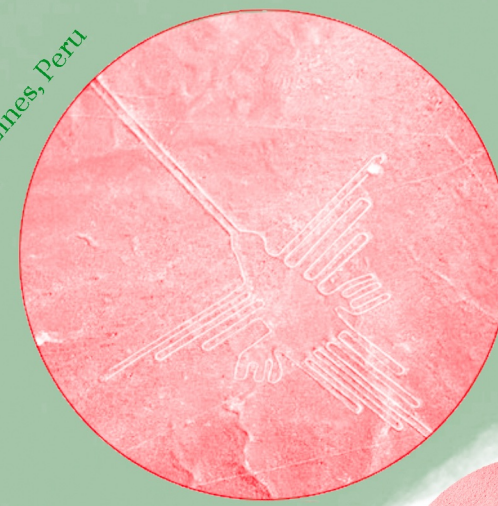

1. Please draw your dream house.

2. Ask the person sitting next to you to draw an ugly extension.

Nazca Lines, Peru

The Great Wall of China

Sculpture To Be Seen From Mars, 1947
by Isamu Noguchi

Many structures humans have created on earth are visible from space!

Please draw something below that would warn aliens to stay away.

This church has been in construction for 142 years and its still not finished.
Please draw the buidling in its final form.

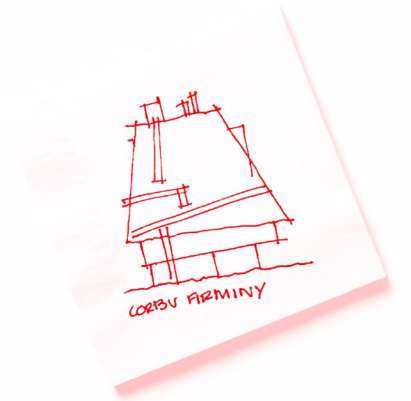

This is a brand new never before seen shape.

Architects are love to come up with their newest wild ideas for buildings on paper napkins

Here are some of their sketches. Please draw the finished buildings.

Zaha Hadid

Le Cobusier

Gregg Lynn

Eileen Gray

What's shocked this house?

Please draw the biggest building in the world wishing happy birthday to the smallest building in the world.

TEMPORARY ORDER TO PERMANENT CHAOS

Packs of stickers can be found wherever you look!
Including all kinds of shapes and sizes. Round, square, rectangular, triangular

Step 1 — Find a sheet of stickers

Step 2 — Take the stickers off the front of the sheet

Step 2 — Stick them on the back of the sheet however you want.

Step 3 — Embrace the permanent chaos!
